SCHRADER'S 2018/2019 DEER SEASON RATES

**\*\*MD BAG LIMIT: 2 Bucks, 10 Does (2 Does Must Be Taken Before 2<sup>nd</sup> Buck)\*\***

#### **1. QDM Trophy Whitetail Hunts**

These are hunts on our Trophy Whitetail Deer Farms that have been following Quality Deer Management guidelines for years. Crops, food plots, bedding areas, sanctuaries and minimum shooting size are just a few parts of this program that allow the deer to reach true trophy size.

*{Minimum Shooter Buck on these properties 16" inside rack width / 8 points & up} [Any Bucks taken not meeting these standards will incur a penalty]*

#### **2. QDM Doe Whitetail Hunts**

These are hunts on QDM farms that have been following Quality Deer Management guidelines for years. They are farms that want the overall doe population kept in check and well balanced. *[excludes early 3 day Muzzleloader & first 2 days shotgun season]*

#### **3. Youth-Population Management Whitetail Hunts**

This is a great way for a youth to hunt on safe, private farms at a truly affordable price. We also feel strongly that to keep the sport of hunting alive for future generations we cannot ask young, novice hunters to abide by QDM regulations. When you are a young hunter, any deer that you take in a quick, clean, ethical manner is a trophy. *[excludes early 3 day Muzzleloader & first 2 days shotgun season]*

**Shotgun / Muzzleloader / Archery - \$300 per day**

These are hunts on QDM farms that have been following Quality Deer Management guidelines for years. They are farms that want the overall doe population kept in check and well balanced. *[excludes early 3 day Muzzleloader & first 2 days shotgun season]*
